

Marzieh Rostami Dovom

Birthplace: Tehran-Iran

Cell phone # 09128204758

Email address: marsidov@yahoo.com

Academic background:

Degree	University	Date
PhD. by Research	Shahid Beheshti University of Medical Sciences	2016-2022
M.S. in medical Education	Shahid Beheshti University of Medical Sciences	2012-2016
B.S. in midwifery	Azad University Tabriz	1991-1994

Professional Experience:

Researcher in Reproductive Endocrine Research Center, Research Institute of Endocrine Sciences, Shahid Beheshti University of Medical Sciences	2010- to present
Research staff in National Research Center for Reproductive Health, Deputy of Research & Technology, Ministry of Health and Medical Education, Tehran, Iran	1993 - 2005

Subject of the master thesis:

Instructional Design for Diagnosis and Treatment of Polycystic Ovary Syndrome for General Practitioners

Subject of the PhD thesis:

Inducing premature ovarian failure experimental model through in utero exposure to galactose and comparison of the reproductive, metabolic, and immunological characteristics of female first-generation rats with controls

Presentations:

Congress	Oral/poster	Date/ place	subject
The 3rd International congress on biomedicine	Oral	Nov,2019	Ovarian histological profile by using D galactose induction for premature ovarian failure in small animal laboratory
The 7th Iranian Congress on Obesity Prevention and Treatment	Oral	Dec,2019	Obesity and sexual dysfunction
The 7th Iranian Congress on Obesity Prevention and Treatment	Poster	Dec,2019	The relationship between body mass index and menopausal age in Iranian women: Tehran Lipid and Glucose Study
Eighth International Congress and Student Festival of Reproductive Medicine	Poster	April, 2019	comparison of pre and postnatal rat model of polycystic ovary syndrome

Eighth International Congress and Student Festival of Reproductive Medicine	poster	April, 2019	The risk of hypertension in polycystic ovary syndrome
17th International Congress of Endocrinology in collaboration with the 15th Annual Meeting of the Chinese Society of Endocrinology (ICE-CSE 2016).	poster	Sep, 2016	Menstrual Cycle Irregularity and metabolic Disorders, a population based prospective study
The 17th International Congress of Endocrinology in collaboration with the 15th Annual Meeting of the Chinese Society of Endocrinology (ICE-CSE 2016).	poster	Sep,2016	Prevalence of pregnancy complications in different phenotypes of polycystic ovary syndrome
The first International Congress of Reproductive and Childhood Health Sciences and the Second International Congress of Reproduction	Oral	April/2016	The knowledge of Iranian general practitioners regarding to diagnose and treatment of the polycystic ovary syndrome
The 10th international congress of Endocrine disorders	Poster	October/2014	Prevalence of secondary infertility among Iranian women
The second international congress of women Health	Oral	April/2013	The role of health system management in decreasing cesarean section rates
The role of education in reducing thyroid disease in pregnant mothers	Oral	April/ 2013	The role of education in reducing thyroid disease in pregnant mothers
The 8th congress of the European society of contraception	Poster	Edinburgh, Scotland United Kingdom 23-26 June, 2004	Hormonal contraceptive methods using or not using in Iran”.
The 8th congress of the European society of contraception	Poster	Edinburgh, Scotland United Kingdom 23-26 June, 2004	Sexual transmission diseases and AIDS awareness of community in Iran
The 8th congress of the European society of contraception	Poster	Edinburgh, Scotland United Kingdom 23-26 June, 2004	Mechanical contraceptive methods and their complications in Iran
The 8th congress of the European society of contraception	Poster	Edinburgh, Scotland United Kingdom 23-26 June, 2004	Risky behavior among youth in Iran
