EDUCATION

- Postdoctoral research in Reproductive Endocrinology, Reproductive Endocrinology Research Center (RERC), Research Institute for Endocrine Sciences (RIES), Tehran, Iran. 2017 - 2019
- Doctor of Philosophy (PhD) in Reproductive health, Shahid Beheshti University of Medical Sciences. 2014 - 2017
- Master of Science (MSc) in Midwifery, Tehran University of Medical Sciences, Tehran, Iran. 2008 - 2011
- Bachelor of Science (BS) in Midwifery, Isfahan University of Medical Sciences, Isfahan, Iran. 2001 – 2006

Thesis title:

Subject	Educational Degree	Thesis defend	Assessment of thesis
Effects of hormonal contraceptives on serum adipokines concentrations in patients with polycystic ovary syndrome.	Postdoctoral research	May 2020	Excellent
A randomized crossover-controlled trial to compare the efficacy of desoceptive, Etisterone, and contrasmin pills with low dose oral contraceptive pills (Ovastop L) on clinical, hormonal, metabolic, and quality of life findings in women with polycystic ovary syndrome.	Ph.D.	November 2017	Score: 20/20 (excellent)
A triple blind randomized controlled trial to investigate the effectiveness of ginkgo biloba pills in the treatment of postmenopausal sexual dysfunction	MSc	September 2011	Score: 19.6/20 (excellent)

JOB EXPERIENCE

Academic Position	Date
Lecturer at Tehran University of Medical Sciences, Tehran, Iran	2009-2011

Faculty Member of Alborz University of Medical Sciences, Alborz, Iran	2011-2014
Researcher at Reproductive Endocrinology Research Center	2017 to 2019
Assistant professor at Shahid Beheshti University of Medical Sciences	2019 up to now

RESEARCH EXPERIENCE

- My research field is reproductive endocrinology and I work on the following research areas:
 - Polycystic ovary syndrome (PCOS)
 - Anti-Mullerian hormone
 - Hyperandrogenism, hirsutism
 - Insulin resistance
 - Adipokin, obesity and adipose indices
 - Contraception
 - Gestational diabetes
 - Maternal thyroid dysfunctions
 - Vitamin D
 - Reproduction
 - Sexual function
 - Menopause
 - Herbal therapy
- I'm experienced in supervising and coordinating the several designs of the study, including:
 - Clinical trials (parallel, cross-over, field trial, ...)
 - Longitudinal studies
 - Systematic review and meta-analysis
 - Case-control studies
 - Guidelines

SOFTWARE SKILLS

- Excellent knowledge about statistical software of SPSS, moderate knowledge about STATA
- Excellent knowledge about Office
- Excellent knowledge about EndNote software

HONORS AND AWARDS

- Member of Iran's National Elites Foundation
- Member of the office of talent

- First rank of Ph.D. course in Reproductive Health
- “Top Researcher Award” at the Shahid Beheshti University Of Medical Sciences in 2021
- "Top Midwife Award" at Alborz University of Medical Sciences in 2013
- "Top Midwife Award" at Alborz University of Medical Sciences in 2012
- "Top Master Award" at Alborz University of Medical Sciences in 2012

CONFERENCE PRESENTATIONS

Title of the congress	Date	Oral/ poster	subject
9th International Congress of Women and Obstetrics of Iran	July 2012	Oral	Sexual function assessment before and after using Ginkgo biloba in postmenopausal women
Fifth International Congress of Reproductive Health and Infertility Research Center - Reproductive Health and Family Health: Menopause and Andropause	January 2012	Oral	The effect of ginkgo biloba extract on sexual desire and sexual satisfaction in postmenopausal women
Eighth International Breast Cancer Congress	Feb 2012	Poster	Fine needle aspiration biopsy for examination of breast mass
Second physiological delivery congress of midwifery students of Iran University of Medical Sciences	2009	Oral	physiological delivery
9th Congress of the Reproductive Health and Infertility Research Center, 1st International Men's Health Congress	2016	Oral	The relationship between low levels of hemoglobin and hematocrit with birth indices in infants
Obesity congress, Milad Hospital	2019	Poster	Comparison of the effects of contraceptive pills containing cyproterone acetate and compounds containing drospirenone on the anthropometric parameters in patients with polycystic ovary syndrome
Obesity congress, Milad Hospital	2019	Poster	Effects of oral contraceptives containing levonorgestrel compared with desogestrel-containing contraceptives on the obesity parameters of hyperandrogenic patients with polycystic ovary syndrome
Obesity congress, Milad Hospital	2019	Poster	Trend of obesity indicators in women with a history of gestational diabetes
National Congress of women health	2014	Oral	The effect of Ginkgo biloba Extract on sexual pleasure and orgasm in post- menopausal women
International Congress of women health	2014	Poster	Factors Related to Sexual Functioning in Postmenopausal Women.
The 2ed international congress on reproduction	2016	Poster	Effect of the Current Hormonal Treatments on Clinical & Laboratory Findings in Patients with Polycystic Ovary Syndrome: A Systematic Review
The 2ed international congress on reproduction	2016	Poster	Effect of Treatment Protocols on Oocytes Development undergoing IVF/ICSI Treatment in Women with Polycystic Ovary Syndrome (PCOS): A Systematic Review

The 1 st international congress on Reproductive health and childbearing	2016	Poster	Intimate Partner Violence Outcomes on Physical, Emotional, Sexual & Reproductive Health: A Review of Literature
The 11 th international congress of Endocrine Disorders	2016	Poster	Combined Oral Contraceptives with new progestin and metabolic profile in women with polycystic ovary syndrome: A Systematic Review.
The 12th international congress of Endocrine Disorders	2016	Poster	The relationships between hirsutism and metabolic profiles in patients with polycystic ovary syndrome: A systematic review and meta-analysis
Debatable on obstetrics gynecology and infertility	2016	Poster	Effect of interventions based on Lifestyle modification on clinical, hormonal and metabolic findings in the patients with polycystic ovary syndrome: A systematic Review
9 th IRHRC annual Meeting Reproductive and Infertility Updates	2016	Oral	Relationship between individual factors and semen quality in men: review article
9th IRHRC annual Meeting Reproductive and Infertility Updates	2016	Poster	Can oral contraceptives improve hypothalamic-pituitary-Gonadal axis function in women with polycystic ovary syndrome? A systematic review
The 3 th international congress on reproduction	2017	Poster	The effects of lifestyle on semen quality in men: A review article
The 3th international congress on reproduction	2017	Poster	The relationship between clinical and biochemical hyperandrogenism in women with PCOS: A systematic review
Yazd Research & Clinical Center for Infertility	2019	Poster	Associations between clinical and biochemical hyperandrogenism and quality of life in patients with PCOS
Yazd Research & Clinical Center for Infertility	2019	Poster	The risk of hypertension in polycystic ovary syndrome: long-term population-based cohort study.
Yazd Research & Clinical Center for Infertility	2019	Poster	Levothyroxine treatment and pregnancy outcome in women with subclinical hypothyroidism: A systematic review and metaanalysis.
Do oral contraceptives (Ocs) containing progestins with low or antiandrogenic activities have different effects to those with levonorgestrel on various manifestations of polycystic ovary syndrome? A crossover	2020	Poster	17th annual meeting of the androgen excess and PCOS society, brazil
Debatable Topics on obstetrics, gynecology, and infertility	2019	Poster	Impact of body mass index and lipid profiles on blood pressure changes overtime in women with and without a history of preeclampsia: A prospective cohort study
Debatable Topics on obstetrics, gynecology, and infertility	2019	Poster	The relationship between maternal urinary iodine concentration and preterm labor

Debatable Topics on obstetrics, gynecology, and infertility	2019	Poster	Duration of hormonal contraceptive pills use and metabolic disorders

TEACHING EXPERIENCE

- **Teaching theoretical courses:**

- Polycystic ovary syndrome and hirsutism
- Obstetrics and Gynecology
- Physiopathology
- Neonates' health & neonatal diseases
- Maternal and Child health
- Family Planning
- Nursing of internal and surgical disease (only gynecology section)

- **Training internship and practical courses:**

- Obstetrics and Gynecology
- Physiopathology
- Neonates' health & neonatal diseases
- Maternal and Child health
- Gynecology
- Normal and abnormal pregnancy
- Principles and skills of nursing and midwifery

- **Teaching in workshops:**

- Research methodology, 2012
- Writing research proposal, May 2012
- Writing research proposal, June 2012
- Advanced search and resources assessment, 2012
- Writing research proposal, February 2013
- Physiological delivery three-day workshop (two courses) for midwives and physicians, 2013
- Research methodology, 2013
- Writing research proposal, May 2013

- **Comprehensive lecture at symposium, conference or seminar:**

- Obstetrical emergencies symposium for physicians and midwives, 2012
- Obstetrical emergencies symposium for physicians and midwives, 2013

- Physiological delivery seminar, 2013
- Physiological delivery conference, 2013
- Symposium on treatment of menstrual cycle disorders, 2017
